FALL REGISTRATION SCHEDULE

Students should make every effort to follow this schedule as it appears. Conflict with a student's work schedule, regardless of whether the job is on-campus or off-campus, is NOT justification for making an exception to this schedule. Students are urged to consult this schedule to allow sufficient time to make any arrangements that will be necessary to comply with this schedule. If it is impossible to make arrangements to be on campus at the time scheduled, students are reminded that they can process registration and schedule adjustment transactions AFTER their scheduled time during the Registration and Schedule Adjustment Period. However, students should be aware that all dates, deadlines and fees for course drops and course adds which are published in either this 1st edition or the 2nd edition of the Fall 1974 Schedule of Classes will be applicable to registration and schedule adjustment transactions completed after Monday and Tuesday, August 26 and 27.

BILL PAYMENT

Pre-Registered Students*

Bills for payment of fees will be mailed during early August to students who have pre-registered for the Fall 1974 semester. **PAYMENT IN FULL MUST BE MADE NO LATER THAN SEPTEMBER 2, 1974.** Payment by mail in August is encouraged to avoid the long lines.

REGISTRATION IS NEITHER COMPLETE NOR OFFICIAL UNTIL ALL FEES, INCLUDING OUTSTANDING STUDENT ACCOUNTS RECEIVABLE BALANCES HAVE BEEN PAID IN FULL. Any payment which is insufficient to discharge the existing balance plus new fees leave tuition unpaid and registration incomplete. The \$20.00 LATE FEE WILL THEREFORE BE APPLIED TO ALL STUDENTS SEEKING TO REGISTER WHO HAVE AN OUTSTANDING INDEBTEDNESS TO THE UNIVERSITY. Payments may be made by mail or at the Office of the Cashier, South Administration Building, Monday through Friday, 9:00 a.m. to 3:30 p.m.

FAILURE TO PAY OUTSTANDING DEBTS WILL RESULT IN SEVERANCE OF UNIVERSITY SERVICES.

Any student whose bill is to be paid by an outside agency is requested to come to Room 1103, South Administration Building with a copy of the Agency Purchase Order prior to August 23 to receive contract credit.

PRE-REGISTERED STUDENTS MUST CANCEL THEIR PRE-REGISTRATION IN WRITING IF AT ANY TIME PRIOR TO THE FIRST DAY OF CLASS THEY DECIDE NOT TO ATTEND.

Mail to: Registrations Office
Room 1130A
North Administration Building
University of Maryland
College Park, Maryland 20742

Failure to cancel pre-registration will result in financial obligation to the University even though the student does not attend classes.

please note . . .

WHEN A PAYMENT IS MADE TO THE UNIVERSITY, PAYMENT OF ANY OUTSTANDING BALANCE PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

Although the University regularly mails bills to students it can not assume responsibility for their receipt. If a mailed bill is not received, it is the

responsibility of the student to obtain a teletype bill. (9:00-4:00 Room 1103, South Administration Building).

Please bring your plastic embossed transaction card with you when you register.

FINANCIAL CLEARANCE PRIOR TO PRE-REGISTRATION

Invitation to pre-register postcards will be sent only to currently enrolled students who do not have an outstanding debt to the University.

A letter will be sent to all other currently enrolled students advising that an outstanding indebtedness to the University must be paid before the student is eligible to pre-register for the next semester.

Students who pay their Student Account balance and present the cashier's receipt to the Registrations Office prior to the close of pre-registration may proceed with normal pre-registration.

Students who do not pay, and therefore do not qualify for pre-registration, may register during the regular Armory registration providing their existing indebtedness to the University has been satisfied prior to registration week.

Students who still have an indebtedness to the University at the time of Armory registration will be blocked from registration until the debt is paid. If it is not paid by the end of the late registration period, the student will not be permitted to register for the semester.

REMISSION OF FEES FOR FACULTY AND STAFF

Every semester an approved Authorization for Remission of Fees form must be turned in to the College Park Budget Office (Room 1133, Main Administration Building) in order to receive credit on the student bill for courses taken by faculty and staff members. Usually the authorizing department will forward this form directly to the Budget Office. Each faculty and staff member should check with his department to ascertain that the proper forms have been submitted.

Published deadlines and procedures for admission, readmission or reenrollment, and registration apply to University faculty and staff who wish to take courses.

Questions regarding admissions? Contact Admissions Office, 454-5550.

Questions regarding registrations? Contact Registrations Office, 454-5559.

*Bill payment procedures for students who register in Reckord Armory during the registration period, August 26-30, will be explained in the second edition of the Fall 1974 Schedule of Classes.

However, if the student subsequently adds a course or courses, thereby changing the total number of credits for which he is registered to *9 or more*, the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

ON THE 1st DAY OF CLASSES OR LATER (AUGUST 28 OR AFTER), if a full-time undergraduate drops a course or courses, thereby changing the total number of credits for which he is registered to *8 or less*, charges for the semester will be assessed on the basis of the full-time general fees. That is, there is no refund for changing from full-time to part-time status on the first day of classes or later. If the student has already made payment as a full-time student, no refund will be processed. If the student has not made payment he will be billed for the full-time undergraduate fees.

IN OTHER WORDS, if at any time on or after the first day of classes, a student is registered for *9 credits or more* he will be billed on the basis of the full-time undergraduate fees.

SCHEDULE REQUEST FORM – INSTRUCTIONS

HOW?

Using a *number two* pencil only, fill in the date, phone (day), birthdate, name, signature, social security number and scheduling method code.

Fill in the course information as specified in each box. You must print the *course prefix*, the *course number*, the *suffix (if applicable)*, the *index number*, the *grading option (OPT) code* and the *credit* for every course requested. This information corresponds to what is printed in the "Course Listing Information" section of this Schedule of Classes:

Diagram illustrating a punch card reader system for a course catalog. The punch card contains the following data:

COURSE PREFIX	COURSE NUMBER	INDEX NUMBER	LECTURE SECTION	LAB/DISCUSSION SECTION	CREDIT
CNEC	431A	000000000000	000000000000	000000000000	000000000000

The course details are as follows:

COURSE	SECTION	LEC/LAB/DIS	LFC	LAB	DIS	INSTRUCTION
CNEC	CONSUMER ECONOMICS	(HUN400N HBS)	(HUN400N HBS)	(HUN400N HBS)	(HUN400N HBS)	(HUN400N HBS)

Below the course details, the credit and grade method information is provided:

CREDIT	GRADE METHOD
1 CREDIT	1-Reg; 2-Pass/Fail; 3-Audit; 4-Satisfactory/Fail

*****NOTE:** If you are taking a course for 10 credits or more, trace the line in the first section of the CREDIT box and fill in the appropriate digit in the second section of the box. If you are taking a course for 9 credits or less, fill in the appropriate digit in the second section of the CREDIT box, leaving the first section blank.

*The LEC (lecture section) and LAB/DIS (lab/discussion section) do not always have to be filled in. In this case, you have three (3) options:

1. If you fill in the index number only, leaving LEC and LAB/DIS blank an attempt will be made to schedule you into that particular course, any available lecture section, any available lab/discussion section.
2. If you fill in the index number and LEC, leaving LAB/DIS blank, an attempt will be made to schedule you into that particular course and lecture section, any available lab/discussion section.
3. If you fill in the index number, LEC and LAB/DIS, an attempt will be made to schedule you into that particular course, lecture section and lab/discussion section.

1. 2. 3.

You have a choice of two (2) Scheduling Methods – Alternate Course or Alternate Program.

Regardless of which method you choose, the registration system will consider *all* courses listed in the primary (A) column first. Alternates will be considered only when primary requests are unavailable. The system will not schedule a time conflict.

Neither method requires you to indicate either first or second alternates. However, it will be to your advantage to supply the system with possible alternatives should your complete primary schedule be unavailable as specified. This will reduce the chance of a partial schedule.

sample form

	A	B	C
01	MATH 101	SPAN 202	DANC 146
02	ENGL 247	RTVF 110	BOTN 100
03	HIST 430	CHEM 304	BSAD 258
04	ARTE 439	JOUR 254	PHIL 304

Under the ALTERNATE COURSE method:

The system will schedule all requests in the A column which are available.

01	MATH	not available
02	ENGL	available - scheduled
03	HIST	not available
04	ARTE	available - scheduled

The system will consider requests in the B column only if the A request in that row was not available

01	SPAN	available - scheduled
02	RTVF	not considered
03	CHEM	not available
04	JOUR	not considered

The system will consider requests in the C column only if neither the A request nor the B request in that row was available.

01	DANC	not considered
02	BOTN	not considered
03	BSAD	available - scheduled
04	PHIL	not considered

For example,
final schedule arrived
at under this method

	A	B	C
01		SPAN	
02	ENGL		
03			BSAD
04	ARTE		

This method (ALTERNATE COURSE) may schedule a combination of courses requested in different columns.

Under the ALTERNATE PROGRAM method:

The system will consider all requests in the A column first.

If all courses in A are available as requested, the system will schedule column A.

Columns B and C will not be considered.

01	MATH	available
02	ENGL	available
03	HIST	available
04	ARTE	available

scheduled

If any of the courses in column A are not available as requested, the system will not schedule any of the courses requested in A.

01	MATH	not available
02	ENGL	available
03	HIST	available
04	ARTE	available

not scheduled

The system will then consider the courses requested in column B.

If all courses in B are available as requested, the system will schedule column B.

Column C will not be considered.

01	SPAN	available
02	RTVF	available
03	CHEM	available
04	JOUR	available

scheduled

If any of the courses in column B are not available as requested, the system will not schedule any of the courses requested in B.

01	SPAN	available
02	RTVF	not available
03	CHEM	not available
04	JOUR	available

not scheduled

The system will then consider the courses requested in column C.

If all courses in C are available as requested, the system will schedule column C.

01	DANC	available
02	BOTN	available
03	BSAD	available
04	PHIL	available

scheduled

If any of the courses in column C are not available as requested, the system will not schedule any of the courses requested in column C.

01	DANC	not available
02	BOTN	not available
03	BSAD	available
04	PHIL	not available

not scheduled

The system will then go back over all 3 columns (A, B, and C) and schedule the one with the greatest number of courses available as requested.

A	B	C
01 MATH not available	01 SPAN available	01 DANC not available
02 ENGL available	02 RTVF not available	02 BOTN not available
03 HIST available	03 CHEM not available	03 BSAD available
04 ARTE available	04 JOUR available	04 PHIL not available
3 courses available as requested	2 courses available as requested	1 course available as requested

In this case, the system would schedule a part of column A (courses 02, 03 & 4) because that column contains the greatest number of courses available as requested.

This method (ALTERNATE PROGRAM) will not schedule a combination of courses from different columns. All courses scheduled under this method would have been requested in the same column, either A or B or C.

Registration for Evening Division courses on the College Park campus will be held in the Center of Adult Education on September 3-6 according to alphabetical schedule. UNIVERSITY IDENTIFICATION SYSTEM

TRANSACTION CARDS — All students registered for the Fall 1974 semester will receive new transaction cards. These cards are an indication of current registration with the University, are used as a recording device in the libraries and admit full-time undergraduates to most athletic, social and cultural events on campus. Cards for pre-registered students will be distributed in Ritchie Coliseum during the week of August 26, according to the alphabetic registration schedule. Students who register in the Armory will be issued a temporary form of the transaction card which allows those privileges mentioned above and will be replaced by the permanent card approximately two weeks after registration.

Any student with an outstanding debt to the University will be required to present evidence of payment of that debt prior to issuance of the transaction card.

All students should carry this card. It must be presented when making payments to student accounts, as well as other events mentioned above.

PHOTO ID CARDS — Students who currently possess University photo identification cards should continue to use them. New and readmitted students will be issued cards in the Armory during the registration period. The photo card is not validated and serves only as physical identification.

Additional information concerning identification cards may be obtained in the Registrations Office, North Administration Building. (454-2734)

ARTS AND HUMANITIES REQUIREMENTS: If a student has had three years of one foreign language or two years in each of two foreign languages as recorded on his high school transcript, he is not required to take any foreign language in the division, although he may elect to do so.

However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

FRENCH DEPARTMENT: Students who have had two or more years of high school French are required to take the Placement Exam. They may place in French 101 *for credit*, French 103, French 104, or higher. Admission to French 102 is limited to those who have completed 101 at the University of Maryland, College Park. Students with less than two years of high school French or with a five-year gap in their French studies may take French 101 *for credit*. Transfer students with some college French should consult the department for placement. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam.

GERMAN DEPARTMENT: Students who have had two or more years of high school German are required to take the placement exam unless they have taken the CEEB German Achievement test and the results have been forwarded to the University. German students placing below German 113 are required to take German 111 and German 112 before continuing with German 114 and 115.

SPANISH DEPARTMENT: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the Placement Exam if (1) they feel uncertain of their ability to take Spanish 104, or (2) they wish to be exempted from Spanish 104.

Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's Placement exam.

A student with two or more years of high school Spanish may take Spanish 101 for credit provided he obtains the permission of the Chairman of the Department. Students starting in Spanish 101 must follow the prescribed sequence of Spanish 101, 102, and 104.

Students who feel uncertain of their ability to take Spanish 104 may choose to take Spanish 103 (a one semester review course) without taking the University Placement exam.

Spanish students placing in 103 must complete 104 to satisfy the divisional language requirement. Students placing in 104 are required to com-

plete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.

ACADEMIC INFORMATION

MATH 001

FOLA 001

Although these courses carry credit for billing and status purposes, they are regarded as having zero credit for academic calculation purposes. Therefore, these courses are excluded from the calculation of credits registered at the end of the Schedule Adjustment Period, from the calculation of quality points and from the calculation of cumulative grade point averages.

SUMMARY OF MAJOR ACADEMIC CHANGES

Effective August 1973

1. **New General University Requirements** replace General Education Requirements. Students presently enrolled may choose which set of requirements will be used for a degree. New "Grading/Retention System" replaces old "Minimum Requirements for Retention". All students will be under the new retention system beginning August 1973.
2. **The schedule adjustment period** will be the first 10 days of classes. During this period students may drop or add courses. Courses dropped during this period will not appear on the student's permanent record. After this schedule adjustment period, the student's status will be considered as full-time if the number of credit hours for which he is enrolled at this time is 9 or more.
3. **Drop period.** Extended to 10 weeks. Drops processed after the Schedule Adjustment Period but within the 10 week drop period will NOT change the total number of quality points a student is required to achieve at the end of the semester. Such drops will NOT change official status from full-time to part-time. A grade of "W" will appear on the permanent record for courses dropped during this period. Students who drop courses during this period will be placed on academic probation and dismissal if they fail to achieve the minimum number of quality points determined by their registration at the end of the schedule adjustment period.
4. **Probation:** A full-time student must achieve 18 quality points in his first semester or he will be placed on academic probation. In subsequent semesters a full-time student must achieve quality points based upon the following schedule: 9 credits requires 18 quality points; 10 credits requires 20 quality points; 11 credits requires 22 quality points; 12 credits or more requires 24 quality points.

Any student, full or part-time, who fails to maintain a minimum cumulative average of 1.95 at the end of any semester following that in which the total of credits completed at College Park, plus any credits transferred, is 45 credits will be placed on academic probation. (The 45 hours will include transfer hours *plus* hours for all courses with final grades, but *minus* hours for courses declared "Non-applicable" and hours for repeated courses.)

5. **Dismissal:** Under the new Retention Plan, two consecutive citations of probation result in dismissal, and four non-consecutive citations result in dismissal. Probation citations incurred *before* September 1973 do NOT count towards the two consecutive or four total under the new Plan.
6. **Repeated Courses:** The new Retention Plan provides that when a student repeats a course, only the highest grade will be used in computation of the student's cumulative average (but the student's quality points in a given *semester* will be determined by that semester's grades). This principle applies to grades achieved *after* September 1973. All values of grades achieved before September 1973 will be kept in the calculation and have an effect.
7. **Transfer between Programs:** A student who is eligible to remain at the College Park Campus may transfer among curricula, colleges, divisions, or other academic units except where limitations on enrollments have been approved by the Board of Regents.

In all cases of transfer between units, the dean or divisional officer of the receiving unit, with the concurrence of the student, may declare which courses, if any, in the student's previous academic program are not applicable to his new program. Delations may occur both in credits attempted and correspondingly in credits earned. This evaluation shall be made upon the student's initial entry into a new program, not thereafter.

GENERAL ACADEMIC INFORMATION

The changes in academic information described on the following pages become effective August 1973 and will be applicable only to course work for August 1973 and after.

NEW REQUIREMENTS FOR RETENTION AND GRADUATION

1. A minimum of 120 credits of successfully completed (not I, F, or W) course credits are required for graduation in any degree curriculum. Credits transferred, or earned during prior admissions terminating in academic dismissal or withdrawal and followed by readmission, will be applicable toward meeting credit requirements for a degree.
2. A full-time student will be placed on academic probation at the end of any semester in which he does not achieve a total of 24 quality points for that semester, except that he will not be placed on academic probation for this reason if he earns at least a 2.0 average on a registration (at the end of the schedule adjustment period) of 9-11 credits. Exceptions are also allowed for all full-time students in their first semester of registration on the College Park Campus, who must earn at least 18 quality points for that semester. This exception does not apply to students who have earned more than 8 credits through previous registration in the University.
3. Any student, full- or part-time, who fails to maintain a minimum *cumulative* average of 1.95 at the end of any semester following that in which the total of credits completed at the College Park Campus (with grades of A, B, C, D, P, S, or F), plus any credits transferred, is 4.5 credits, will be placed on academic probation. Credits completed with grades of A, B, C, D, and F, but not S, P, or I will be used in the computation of the cumulative average.
4. A student who does not meet the academic standards for any given semester will be placed on probation and must display acceptable performance in quality points and cumulative average (if applicable) during the next semester in order to regain good academic standing. A student will be dismissed at the end of the second consecutive, or fourth total, semester of unacceptable performance. Courses for which the mark "W" is recorded are excluded from computations of quality point and cumulative average totals at the end of the semester. However, such courses remain in computation of the minimum quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
5. A student who has been academically dismissed and who is reinstated, will be academically dismissed again if he does not meet the academic standards for any two additional semesters after his return. In the computation of his cumulative average after return, all credits earned at the University of Maryland will be used.
6. When a student is placed on academic probation or is academically dismissed, the action shall be entered on the student's official and permanent record.
7. Any course may be repeated, but if a student repeats a course in which he has already earned a mark of A, B, C, D, P or S, the subsequent attempt shall not increase the total hours earned toward the degree. Only the higher mark will be used in computation of the student's cumulative average. However, the student's quality points in a given semester shall be determined by that semester's grades.
8. Any appeal from the regulations governing academic probation or academic dismissal shall be directed to the Petition Board, which shall be empowered to grant relief in unusual cases, if the circumstances warrant such action.

MARKING SYSTEM

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W. These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Officer, that an actual mistake was made in determining or recording the grade.
2. The *mark of A* denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages, a mark of A will be assigned a value of 4 quality points per credit hour.
3. The *mark of B* denotes good mastery of the subject. It denotes good scholarship. In computation of cumulative or semester averages a mark of B will be assigned 3 quality points per credit hour.
4. The *mark of C* denotes acceptable mastery. It denotes the usual achievement expected. In computation of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.
5. The *mark of D* denotes borderline understanding of the subject. It denotes marginal performance, and it does not represent satisfactory progress toward a degree. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.
6. The *mark of F* denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.
7. The *mark of P* is a student option mark, equivalent to A, B, C, or D. (See PASS-FAIL option). The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computation of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The *mark of S* is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.
9. The *mark I* is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned

by the instructor, it is the student's responsibility to request arrangements for completion of the work. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal equivalent to W). Exceptions to the time period cited above may be granted by the student's Dean or Divisional Officer upon the written request of the student if circumstances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student, make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through registration for the course or through the technique of "credit by examination". In any event this mark shall not be used in any computations.

10. The *mark W* is used to denote that the student withdrew from a course in which he was enrolled at the end of the Schedule Adjustment Period. For information and completeness, the mark "W" is placed on the permanent record by the Registrations Office. This mark shall not be used in any computation of quality point or cumulative average totals at the end of the semester. However, this mark does not change the minimum number of quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
11. *Audit*. A student may register to audit a course or courses in which space is available. The notation AUD will be placed on his transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.

CREDIT BY EXAMINATION FOR UNDERGRADUATE STUDIES

The following statement was approved by the Board of Regents January 1974.)

1. Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or prepared by the department granting the credit. When standardized CLEP (College Level Examination Program) examinations are available they may be used. The list of courses for which credit may be earned by examination will be made available through the Office of the Administrative Dean for Undergraduate Studies.
2. Any student may take a course by examination by obtaining an application form from the Assistant Dean for Undergraduate Studies, (Room 3151, Undergraduate Library) paying the requisite fees, and taking the examination at a time mutually agreeable to the student and the department offering the course.
3. The applicant must be formally admitted to the University of Maryland. Posting of credit, however, will be delayed until the student is registered.
4. Application for credit by examination is equivalent to registration for a course; however, the following conditions apply:
 - A. A student may cancel his application at any time prior to completion of the examination with no entry on his permanent record. (Equivalent to the schedule adjustment period.)
 - B. The instructor makes the results of the examination available to the student prior to formal submission of the grade. Before formal submission of the grade, a student may elect not to have this grade recorded. In this case a symbol of "W" is recorded. (Equivalent to the drop procedure.)

- C. No course may be attempted more than twice.
- D. The instructor must certify on the report of the examination submitted to the Registrations Office that copies of the examination questions or identifying information in the case of standardized examinations, and the student's answers have been filed with the Chairman of the department offering the course.
5. Letter grades earned on examinations to establish credit (if accepted by the student) are entered on the student's transcript and used in computing his cumulative grade point average. A student may elect to take an examination for credit on a "Pass-Fail" basis under the normal "Pass-Fail" regulations.
6. Undergraduate students may earn by examination no more than half the credits required for the degree.
7. Fees for Credit by Examination:
 - A. Fees for CLEP (College-Level-Examination-Program) and other standardized examinations.
 - (a) Fees for these examinations are determined externally and are not altered by the University. Credits earned by taking such examinations are treated as transfer credits.
 - B. Fees for University administered examinations to establish credit.
 - (1) Full-time students are charged \$30.00 for each course examination regardless of the number of credits. This fee is paid upon application for the examination and is not refundable regardless of whether or not the student completes the examination.
 - (2) Part-time students are charged in the same cost-per-credit-hour basis as through they were taking the course in the regular manner.

PASS-FAIL OPTION DEFINED UNDERGRADUATE

1. An undergraduate who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Divisional Officer, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

GRADUATE — Not eligible for the PASS-FAIL grading option.

GENERAL REQUIREMENTS

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replace the General Education Requirements. Students presently in the University who graduate after August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. All students first entering the University in August 1973 or after must complete the new General University Requirements.

GENERAL UNIVERSITY REQUIREMENTS (NEW)

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

- I. At least 6 credits must be taken in each area. At least 9 or the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (see PASS-FAIL OPTION DEFINED).

Area A: 6-12 hours elected in Divisions I and II - Agricultural and Life Sciences; Mathematical & Physical Sciences & Engineering.

Area B: 6-12 hours in Divisions III and V - Behavioral and Social Sciences; Human and Community Resources.

Area C: 6-12 hours in Division IV - Arts and Humanities.

In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisers for guidance in determining which courses in each area best fit individual needs and interests.

- II. Demonstration of competency in English composition. Unless the student has been exempted from English composition, at least one course in this subject will be required. Exemption is granted if the student earns an acceptable score on the Illinois Rhetoric Test administered by the Department of English (score announced annually), or a score of 2 on the English Advanced Placement Test, or by satisfactory completion of a similar course at another institution. Students taking a course to satisfy this requirement may apply the credits toward the 30-hour General University Requirement but may not count these credits toward the satisfaction of the minimum 6-hour requirement in any of the three designated areas. Credit for such a course may be in addition to the 12-hour maximum in any area.

GENERAL EDUCATION REQUIREMENTS (OLD)

These requirements are applicable *only* to students whose first semester at the University of Maryland was prior to August 1973 and who choose to complete these General Education Requirements rather than the new General University requirements.

For students electing to satisfy the old General Education Requirements, the following specific courses may be used (course descriptions appear in the Consolidated Undergraduate Catalog). In addition, a student may (within the limits of his particular curriculum) satisfy a General Education requirement in each category with any designated course for which he is eligible by placement

examination, department evaluation, etc. Additional information may be obtained from the Office of the Dean for Undergraduate Studies, Room 1115 Undergraduate Library (X 2530-2531).

Two (2) physical activity courses, and one Health Education course (HLTH 105) are required of both men and women students.

If students under the old General Education Requirements now take a basic PHED course (100A — 177Z), they will receive credit toward graduation for that course only if it is in addition to their two required PHED courses.

Students under the new University Requirements will receive credit toward graduation for all PHED courses.

BACHELOR OF GENERAL STUDIES DEGREE PROGRAM

The Bachelor of General Studies degree, approved by the Board of Regents in 1972, differs from other current degrees in that it is a degree without a concentration in a specific discipline or department.

The BGS program permits the student to obtain an education in as broad a set of disciplines or thought patterns as are offered at the College Park Campus without insisting that he adhere to a previously defined curriculum with a departmental or divisional orientation.

No other University degree requirements, such as General Requirements, physical education, health, etc. will apply to the BGS.

Students who elect this program should specifically be aware that it is not designed to satisfy graduate school admission requirements or professional employment requirements. The very concept of the BGS is predicated on a broad ranging educational objective and not on the more specific requirements of graduate school and professional employment. It will be some time before the attitude of employers and graduate schools become clear toward the graduate of the BGS program. Students electing it must be aware of these uncertainties and accept the responsibilities.

Additional information may be obtained from Dr. Margaret Carthy in the Office of the Dean for Undergraduate Studies (telephone: 2530/31).

REQUIREMENTS

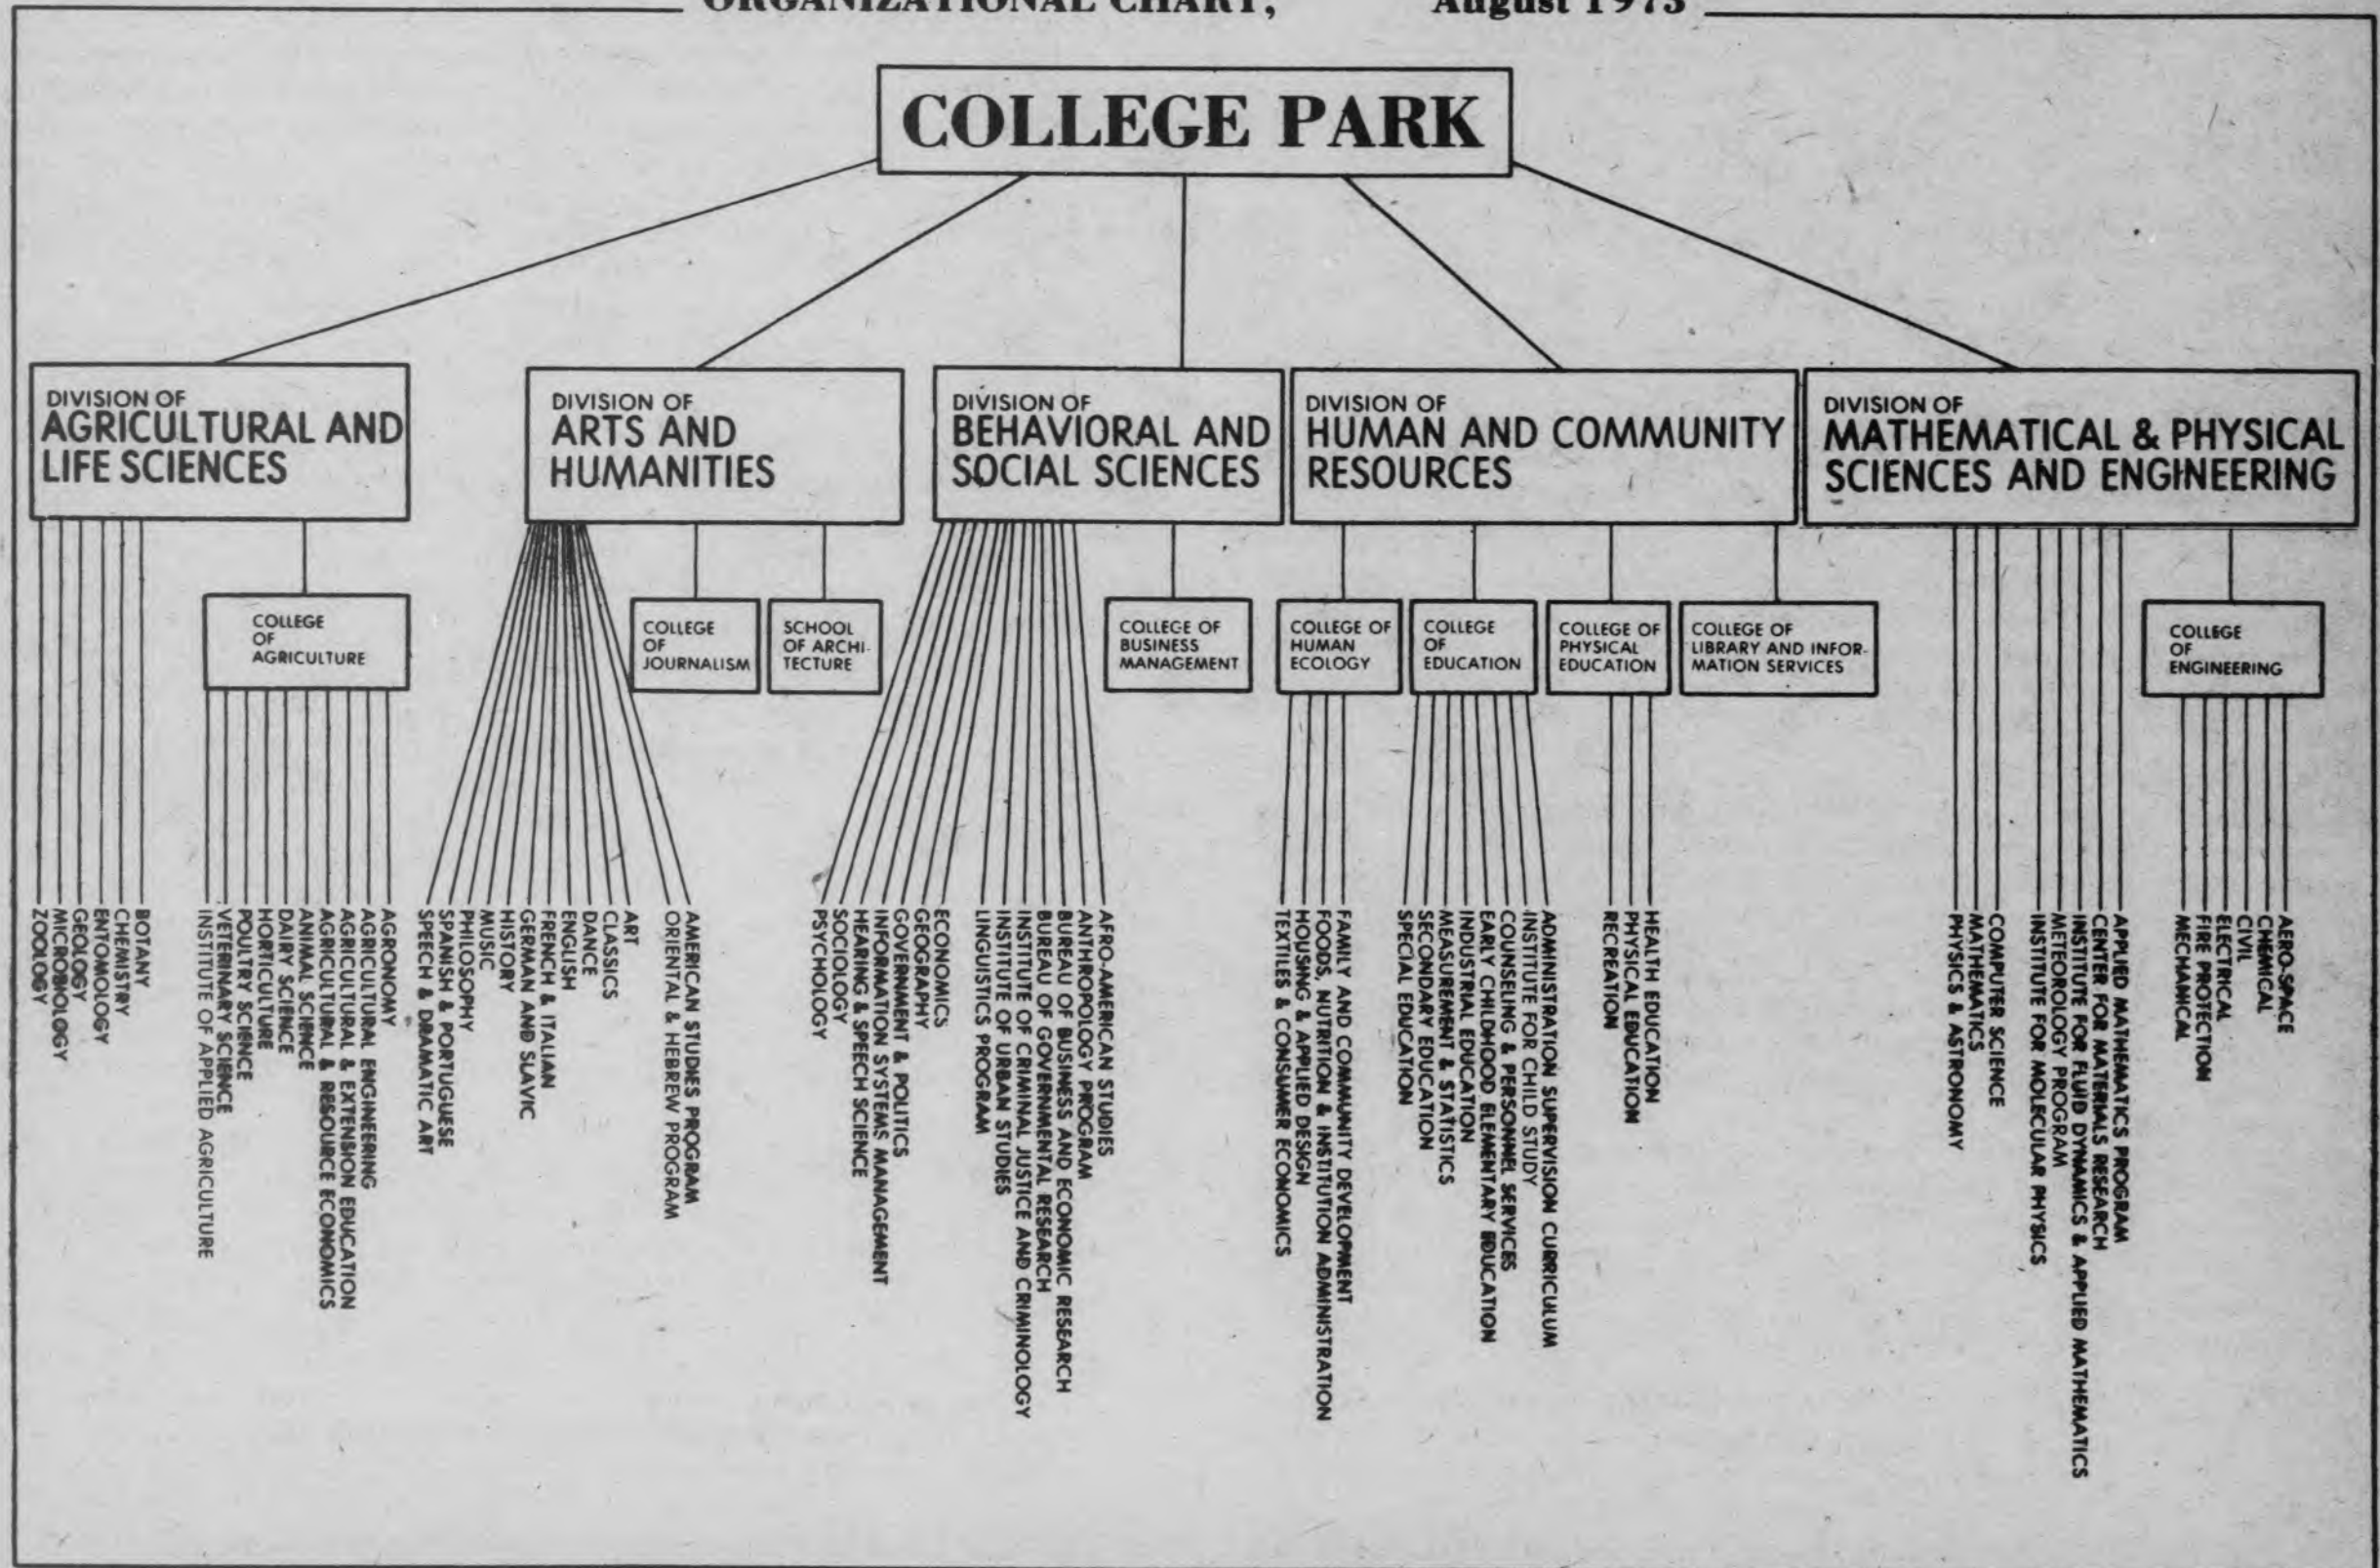

To receive a Bachelor of General Studies degree, a student must satisfy the following requirements:

1. A minimum of 120 credits must be accumulated with a grade point average of at least 2.0 in all courses.
2. No more than 30 credits in any one department may be applied toward the required 120 credits.
3. The courses taken must be distributed over at least three divisions with a maximum of 60 credits in any one division counted toward the required 120 credits.
4. At least 45 credits must be taken at the upper level (courses numbered 300 or higher); a 2.0 average must be obtained in all upper level courses.
5. The student must be registered as only a Bachelor of General Studies major for at least the last 30 credits immediately preceding the awarding of the degree. A student who wishes to earn a second baccalaureate must satisfy all University requirements for the earning of two degrees.
6. The student pursuing the BGS program shall be advised by a faculty member either appointed by or acceptable to the Dean for Undergraduate Studies.

IMPORTANT NOTICE

A&S Students

Effective with the Campus reorganization, July 1, 1973, the bulk of the student academic records which were formerly maintained by the Office of the Dean, College of Arts & Sciences (Room 1120, Francis Scott Key Hall) have been *transferred* to the office of the Division now administering those students' major departments. See below for the locations of the various Division offices. Students who have not yet declared a major, and those who have indicated a curricular choice (but no other major) in Pre-Dentistry, Pre-Law or Pre-Medicine have had their records sent to the General Undergraduate Advisement Office, Rm. 3151 Undergraduate Library. The records of students majoring in departments under the aegis of the Division of Arts and Humanities will remain in Rm. 1120, Francis Scott Key.

Students thus affected should go to the Office of the Chairman of their Division or, where appropriate, to the General Undergraduate Advisement Office to transact such academic matters as: schedule adjustment (drop or add) after the stated deadlines; transfer credit evaluation; discussion of requirements for a degree; permission letters to take courses at another Campus or university; letters of recommendation, etc.

In all cases students who were in the College of Arts & Sciences at the time of the transition may continue seeking a degree from the College of Arts & Sciences or may change to a degree from the Division. To determine eligibility for either degree, students should consult their Divisional representative. Students should indicate their choice of degree when filing their applications for diplomas.

If questions arise concerning where your academic records are now located, please consult your Division Office or the General Undergraduate Advisement Office, Rm. 3151 Undergraduate Library, Ext. 2733 or 3040.

ADVISEMENT INFORMATION

INTRODUCTORY STATEMENT

UNDERGRADUATE — With the exception of new students, advisement is not a mandatory part of the undergraduate registration system. The decision regarding necessity of advisement is up to the student. However, all students are strongly urged to avail themselves of advisement as needed. It is of utmost importance for each student to familiarize himself with the degree requirements indicated in the Consolidated Undergraduate Catalog. If advisement is desired, advisors are available and anxious to assist the students. They are familiar with special degree requirements, course prerequisites and the general stipulations governing admission to courses which require permission of the instructor. Arrangements for advisement can be made through the department.

For additional information about advisors and advisement procedures contact the Dean for Undergraduate Studies in Room 1115, Undergraduate Library or call on x2530.

Advisement is required for all first semester freshmen and transfer students.

GRADUATE — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

CREDIT LIMITS DEFINED

UNDERGRADUATE — limited to 21 sem. hrs.

Any exceptions must be approved by the Dean. Forms for this purpose will be available in the Dean's Office and should be turned in with Registration Materials.

GRADUATE — limited to 15 sem. hrs.

GRADUATE STUDENTS with a Teaching or Research Assistantship — limited to 10 sem. hrs.

FULL-TIME STATUS DEFINED

Effective August 1973, official status (either full-time or part-time) for academic purposes will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE — Full-time — Registered for 9 or more semester hours at the end of the Schedule Adjustment Period.

GRADUATE — Full-time — Registered for minimum of 48 graduate *units* at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS with Teaching or Research Assistantship — Full-time — Registered for minimum of 24 graduate *units* at end of the Schedule Adjustment Period.

TABLE FOR COMPUTING GRADUATE UNITS

COURSE NUMBER	GRADUATE UNIT
400 — 499	4 units per credit hr.
600 — 898	6 units per credit hr.
